

# HIS MESSAGE OF INTEREST

What President May Decide To Tell Congress  
He Wishes Accomplished.

## DEEP WATERWAY TO BE URGED

Thought Certain Roosevelt Will Advocate The Improve-  
ment Of The Inland Waterways To Connect  
With Panama Canal.

[SPECIAL TO THE GAZETTE.]

Washington, D. C., Oct. 31.—As the date for the assembling of the Sixtieth Congress approaches, interest in the probable contents of the President's message becomes more and more keen. In fact, the topic just now is overshadowing everything else political.

In general it is understood that the President will have something further to say upon the subject of railroad regulation, but just what his recommendations on this subject will be, even those who have talked with Mr. Roosevelt recently are not at all certain. Some months ago it was believed that a sweeping extension of the powers of the Interstate Commerce commission would be advocated, but of late there has been a growing feeling that the message would be likely to confine itself to recommendations for strengthening the existing law. There are those who would not be surprised if the message recommended the repeal of the Sherman law, or its amendment, in such particulars as would inaugurate an entirely new plan of controlling trusts and corporations.

It is accepted as a foregone conclusion in well informed circles here also that a section of the message will be devoted to an explanation in defense of the plan for sending the battleship fleet to the Pacific. Another subject which will undoubtedly occupy a considerable amount of space in the message is that of the desirability of adopting a definite and energetic policy of waterway improvement including the preservation of the forests as the conservators of the water supply. This is a subject for which the President is full of enthusiasm. While he has long been a firm believer in the improvement of rivers

and harbors of the country by the nation, his recent journey down the Mississippi was a revelation to him. In his talks with governors of the various western states, and other enthusiastic supporters of a broad and liberal policy of waterway improvement—like Congressman Bland of Louisiana—he has learned that the average cost of water transportation upon improved waterways is less than one-sixth that of rail transportation, and he has come to accept the belief that the improvement of the waterways of the country will prove the most effective possible form of rate regulation and prevent freight congestion on the great railways of the country.

It is well known that the President does not do anything halfheartedly. Having interested himself in the subject of improving the nation's waterways, he undoubtedly will follow it up with great energy. Except for his announced determination to make no more addresses to Congress in Washington, it is believed that he would make a stirring speech at the fourth annual convention of the National Rivers and Harbors Congress which is to assemble in this city Dec. 4, 5 and 6, and it is said that he is strongly tempted to make an exception in this case. It is more likely, however, that he will designate one of the cabinet officers to represent him on that occasion.

The President comes from a state which for nearly a century has followed the policy of improving its waterways. In a sense he regards himself as the father of the Panama canal, and he feels that the inauguration of a broad policy of waterway improvement may prove his most enduring claim to the consideration and remembrance of generations to come.

## 15 YEAR OLD LAD CRIMINALLY CHARGED

Boy 15 Years of Age Arrested by  
Police on Charge of Attacking  
Ninety-year-old Girl.

[SPECIAL TO THE GAZETTE.]

Sheboygan, Wis., Oct. 31.—Joseph Shoberg, 15-year-old boy, was arrested by a young man while on her way home from school on the Upper Falls road. She was roughly handled, and Stange, aged 15 years, was arrested by the police on a similar charge some time ago.

## GREEN BAY TO HAVE A FORMAL OPENING

Their New Federal Building Will Be  
Formally Dedicated  
Shortly.

[SPECIAL TO THE GAZETTE.]

Green Bay, Wis., Oct. 31.—This city will dedicate its \$150,000 federal building and postoffice on Saturday with appropriate ceremonies. It is estimated that 10,000 people will attend the laying of the cornerstone.

Judge J. V. Quigley of Milwaukee, ex-Congressman Edward S. Minor of Sturgeon Bay, Congressman Gustav Knudsen of Manitowish, Mayor Robert E. Munroe, and Fred H. Warren will be the members of the occasion. Mr. Quigley, Bishop Joseph J. Fox will open the day's program by offering a prayer and Rev. R. K. Munton of the St. Paul Methodist church will say benediction. School children to the number of 1000 will sing "America" during the ceremonies and a band will render appropriate selections. Postmaster Fred A. Hoffman will lead the crowd when the cornerstone is placed in position.

The building is to be one of the finest in the Fox river valley and is to be finished by Contractors Hendley & Power of the city by the spring of 1909. It will be three stories in height and built of Bedford stone. Green Bay has waited years for the postoffice and what there is to the structure erected Saturday will be greeted by throngs of citizens. A general closing of business houses may be effective for the occasion.

## ACCUSED WOMAN TO FIGHT IN COURTS

Woman Starts Personal Injury Case  
Against Automobile Company  
at La Crosse.

[SPECIAL TO THE GAZETTE.]

La Crosse, Wis., Oct. 31.—Nina La Mon, the woman arrested here in company with the Minneapolis diamond thieves and sentenced to the county jail for 30 days because she refused to leave town when ordered by the police, has appealed her case to the circuit court. The woman pleaded guilty to the charge of vagrancy expecting a fine as a penalty.

## ENGLISH GOLD HAS AFFECTED THE RATE

Withdrawal of American Deposits  
from Bank of England Causes  
Rates to Go Up.

[BY ASSOCIATED PRESS.]

London, Oct. 31.—The rate of discount of the Bank of England was raised today from 4 to 4½ per cent. The increase has been regarded as a foregone conclusion in consequence of the rumors made upon the bank of England stock of gold by the demand for gold from America and the recent rise in the discount rate of the Imperial Bank of Germany.

More Money  
Washington, D. C., Oct. 31.—The treasury officials were agreeably surprised at the number of banks throughout the country which have already indicated their purpose to comply with the suggestion of Controller of the Currency Hilditch that the additional circulation be taken out. Although the suggestion was made only yesterday afternoon, a large number of telegrams received at the department today asked for additional circulation varying in amount from a few thousand to two million dollars.

O. K. in Oregon  
Portland, Ore., Oct. 31.—All the banks in Portland with the exception of the Title Guarantee & Trust company are doing business today with no evidence of excitement. News from the interior of the state is of a supporting character.

Foreigners Alarmed  
Bridgport, Conn., Oct. 31.—Many persons of foreign birth who work in the city and have deposits in the Farmers & Merchants' Savings bank and the City Savings bank, started a run on these two institutions today.

## YOUNG VICTIM MAY DIE FROM INJURIES

Youth Who Accidentally Shot Him  
Nearly Crazy With Grief Over  
Affair.

[SPECIAL TO THE GAZETTE.]

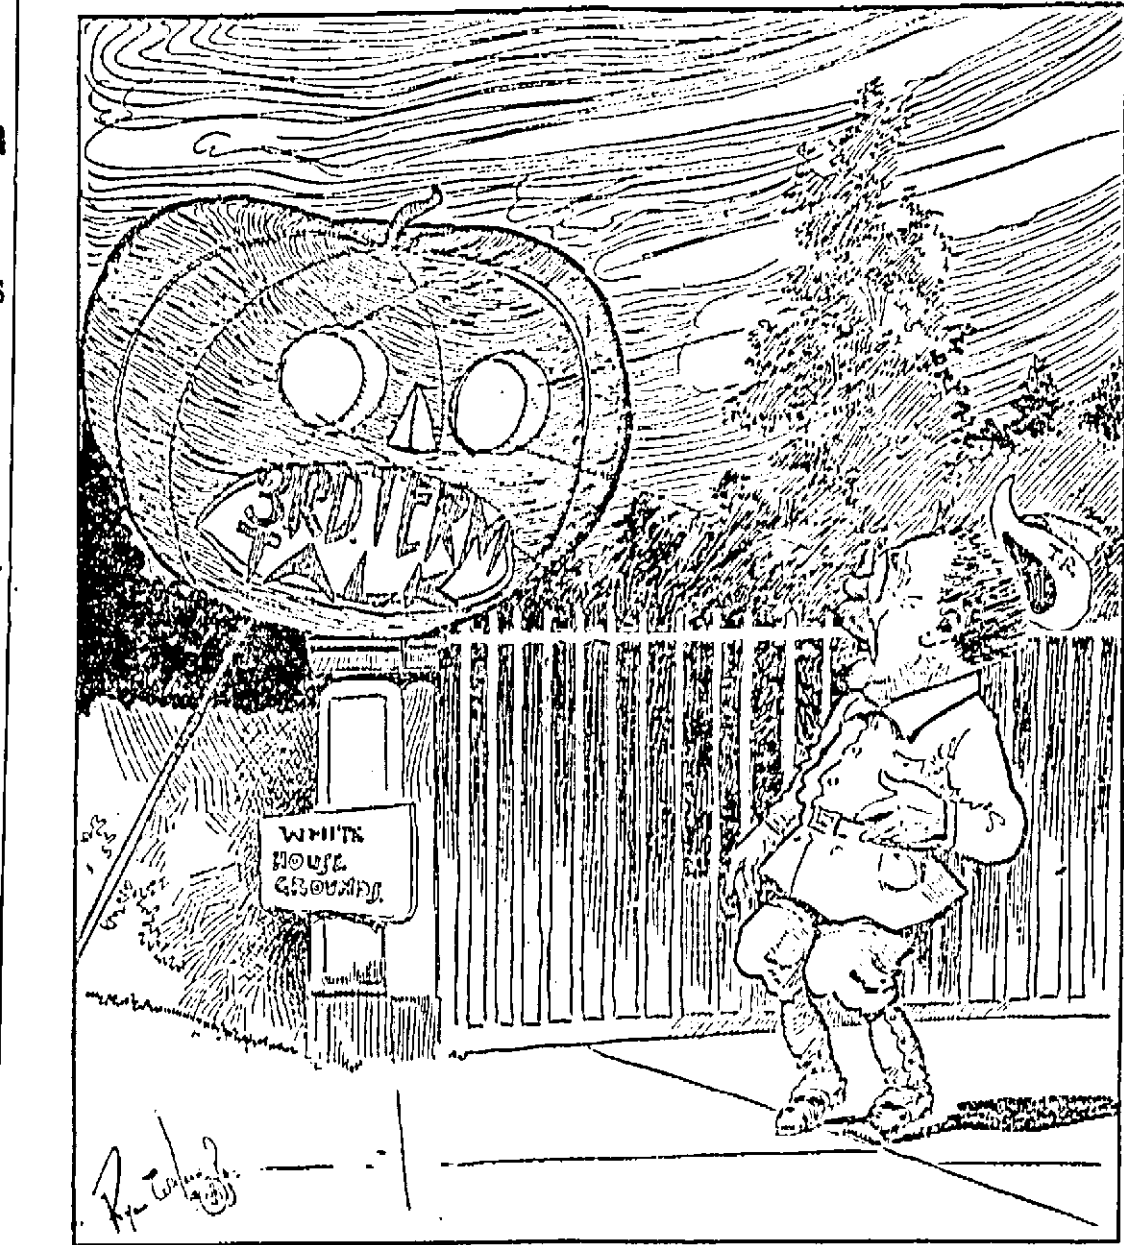

Manitowish, Wis., Oct. 31.—William Wilda, the youth who was shot while hunting with a companion Sunday, may die, his condition having become alarming within the past twenty-four hours. Will Hammeck, the companion whose gun was accidentally discharged, wounding Wilda is almost crazed; his family is alarmed in fear that he may harm himself.

## MURDER SEVEN TO ROB THE CASHIER

Bold Russian Bandits Make Away  
With Thirteen Thousand  
Dollars.

[BY ASSOCIATED PRESS.]

Pskoff, Russia, Oct. 31.—Bank robbers today murdered seven men who were escorting a cashier carrying thirteen thousand rubles and decamped with the money.

## SUICIDED CASHIER TOOK BANK'S MONEY?

Receiver Appointed for Akron, Ohio,  
Bank Whose Cashier Ended  
His Life Sunday.

[BY ASSOCIATED PRESS.]

Akron, O., Oct. 31.—Joseph Dugan, president of the Dollar Savings bank, was appointed a receiver of the institution today. In a petition it is stated that Fred A. Dugan, cashier and treasurer, who suicided Sunday, "embezzled" \$28,000.

## BRAKEMAN SAVED BY THINKING QUICKLY

Fell in Front of the Engine but Was  
Not Ground Under the  
Wheels.

[SPECIAL TO THE GAZETTE.]

Manitowish, Wis., Oct. 31.—Athletic training and presence of mind saved George Halverson from death when he fell in the path of approaching freight train in the yards of the Wisconsin Central. Halverson, a brakeman, was on the footboard of the tender of the engine and lost his foothold, falling directly in front of a train of several freight cars. He retained his hold on the tender and pulled himself sufficiently out of the way so that he was not little injured, suffering a bad wrench of the ankle and a cut on the foot. Halverson is 22.

## SHOW IMPROVEMENT IN THE TEAM WORK

University Players Have Taken a  
Brace Since Their Defeat  
of Saturday.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Oct. 31.—Decided improvement is noted by the University of Wisconsin football coaches in the work of the badger eleven. The preparation for the game at Iowa City Saturday against the hawk-eye state college is practically completed and Wisconsin will put up a much better fight than was expected Tuesday, when it seemed impossible to the coaches to get the players to brace up and forget the whipping received from Illinois. Assistant Coach McCarthy was manifestly disappointed, declaring that the fellows "have got their heads down and are helpless. They simply will not get to work in earnest." A change took place Wednesday, however, and at the close of a long and hard scrimmage, McCarthy said to the team, "If you work that way, there isn't a team in the west that can stand up against you." This encouragement might have been partly to cheer the discouraged badgers, but the practice was certainly good. There was no muddling of signals and the variety advanced ten yards at a lick against the strong freshman team. The most remarkable development of the past week has been the strength displayed by Carl Cunningham at quarterback. He held that place last year, but at the opening of the present season was put down by the coaches as too poor even for subalterns, and was allowed to try occasionally at halfback, with little or no hope of making the team. Late in the Illinois game he went in at half, held to advance the ball and Wisconsin braced although too late to score. This week he has made good at quarterback.

## MEAT DEALERS USED BAD PRESERVATIVES

Four Dealers at Sheboygan Confess to  
Using Preservatives in Meat  
and Are Fined.

[SPECIAL TO THE GAZETTE.]

Sheboygan, Wis., Oct. 31.—Four local meat dealers, Frank Hoffman, John Stephani, Herman Degenkolbe and Fred Fiedler, were arrested yesterday on a charge of using preservatives in meats contrary to the provisions of the pure food law. The warrants were sworn out by state inspectors representing the dairy and food department. All of the dealers pleaded guilty late yesterday afternoon in the municipal court and were each fined \$25 and costs by Judge Gblin.

All of the meat markets of Sheboygan were inspected and samples of the meats were sent to Madison for analysis.

## SUN DIAL DEDICATED AT PRINCETON TODAY

English Educator Presents University  
With Sun Dial in Remem-  
brance of Visit.

Princeton, N. J., Oct. 31.—The dedication today of the sun dial presented to Princeton University by Sir William Mather, was made notable by the presence of James Bryce, the British ambassador, and other persons of note. Ambassador Bryce made the address of presentation in behalf of the donor and the gift was accepted for the university by President Woodrow Wilson.

Sir William Mather is a member of the British parliament and governor of Owens College and Victoria University. Several years ago he visited Princeton and other American universities and his gift is in remembrance of that occasion. The sun dial is a replica of the famous Tynhill sun dial at Corpus Christi College, Oxford, and stands on the newly made part of the campus between the School of Science building and McCosh hall.

## NATIONAL PURITY CONGRESS MEETING

D. S. Steadwell, of La Crosse, Wis., to  
Preside Over Session at Battle  
Creek, Mich.

[SPECIAL TO THE GAZETTE.]

Battle Creek, Mich., Oct. 31.—The annual session of the National Purity Congress, under the auspices of the National Purity Federation, convened in this city today, and will continue in session for one week. Social reformers from all parts of the country are present as delegates, most of them with papers upon various subjects, which they will read during the sessions.

The initial session was held this afternoon and was devoted to the appointment of committees, and other routine business. D. S. Steadwell, of La Crosse, Wis., occupied the chair. Tonight the prominent speakers to be heard are Mrs. Anna Sloan Walker of Decatur, Ill., chairman of the Woman's Prohibition Club of America, and Rev. Father J. M. Cleary of Minneapolis.

## INDIANS IN UTAH ON RAMPAGE; 3 KILLED

Troops and Redskins Have Skirmish  
in Utah Resulting in Three  
Deaths and One Wounded.

[BY ASSOCIATED PRESS.]

Washington, D. C., Oct. 31.—According to a telegram sent to the Indian bureau today there was a battle between United States troops and Indians in southern Utah several days ago. Three persons were killed and another was wounded. All are believed to be Indians.

Washington, D. C., Oct. 31.—One hundred and ten feet is the width the navy department has finally fixed as desirable for the locks for the proposed Panama canal. This is an increase of ten feet in width over the plans on which the canal commission is now working.

## GENERAL'S SLAYER HANGED TODAY

Murderer of Director of Russian Pri-  
sons Hanged at St. Pe-  
tersburg.

[BY ASSOCIATED PRESS.]

St. Petersburg, Oct. 31.—Mile Razumnikova, who on Monday killed General Maximovskiy, director of the department of prisons under the ministry of the interior, was hanged this morning.

## THAW'S DEFENSE TO BE INSANITY PLEA

Chief Counsel for Slayer of Stanford  
White Makes Announcement  
of Defense.

[BY ASSOCIATED PRESS.]

New York, Oct. 31.—Announcement was made today by Martin H. Littleton, chief counsel for Harry K. Thaw, that he had decided to make the insanity plea in the defense of Thaw, whose trial for slaying Stanford White begins Dec. 2.

## FORGER ARRESTED IN SEATTLE TUESDAY

Will Be Brought Back to Green Bay  
for Trial as Soon as Sheriff  
Can Get There.

[SPECIAL TO THE GAZETTE.]

Green Bay, Wis., Oct. 31.—W. O. Tins, wanted here by forgery, was arrested by the police of Seattle, Wash., yesterday and Sheriff Moulton left last night for that city to bring him back to answer to that charge. Tins, it is alleged, forged an order on the Summit Savings and Loan Settlement for \$25,000, using the name of Joseph Tins. The order was cashed by Manager Boreman and Tins absconded early this month. He evaded the police of the western cities successfully until yesterday when he was nabbed by officers in Seattle.

## ORAL BEQUEST MADE BY CATHOLIC PRIEST

Upon This Testimony Suit for Por-  
tion of Dead Divine's Property  
Is Made.

[SPECIAL TO THE GAZETTE.]

Manitowish, Wis., Oct. 31.—An alleged oral agreement of ten years ago from the back of a contest that has been raised against the estate of the late Rev. Peter Mutz of St. Nazarius by relatives of Mrs. Elizabeth Burger, former housekeeper of the dead priest, who has also died. The claims are for \$2500, less \$175, which it is admitted was paid Mrs. Burger during the nine years in service of the priest, a claim of \$230 per month for services being made. It is alleged that Rev. Mutz promised to bequeath \$2500 and a parcel of real estate to Mrs. Burger who died before the death of the priest in February this year. The will is dated August 12, 1905, four months after the death of Mrs. Burger, and disposes of an estate of \$22,000 or more, many bequests being to churches of the county. The will gives authority to the executor to compromise and settle any contests against the estate and the plaintiffs allege that this is evidence of fraud. The contest is raised by a brother and two sisters of Mrs. Burger.

## PANAMA CANAL LOCKS WILL BE 110 FEET

Navy Department Decides on Width  
of 110 Feet Which Is an Increase  
of Ten Feet.

[BY ASSOCIATED PRESS.]

Washington, D. C., Oct. 31.—One hundred and ten feet is the width the navy department has finally fixed as desirable for the locks for the proposed Panama canal. This is an increase of ten feet in width over the plans on which the canal commission is now working.

Tax Committee Meeting: Commit-  
tee No. 1 of the county board of su-  
pervisors which is concerned with tax  
certificates and illegal taxes, is in  
session at the courthouse today. The  
board will meet on November 12.

## NINE STATES WILL HOLD ELECTIONS NEXT TUESDAY

Greatest Interest Taken In Kentucky Election  
Which Will Have Considerable Bearing  
On Choice Of U. S. Senator.

[SPECIAL TO THE GAZETTE.]

Washington, D. C., Oct. 31.—Elec-  
tions will be held in nine states next  
Tuesday. Governors are to be voted  
for in Maryland, New Jersey, Rhode  
Island, Massachusetts, Kentucky and  
Mississippi. In Pennsylvania, Ne-  
braska and New York a few minor  
state officers are to be chosen.

Though the campaigns in several of  
the states are more or less exciting  
they are attracting little attention be-  
yond the borders of the common-  
wealths in which they are held. Few  
of the contests are expected to have  
any far-reaching effect upon national  
politics.

The most interesting state contest  
in the east is probably that in Mary-  
land, where a governor, state com-  
ptroller, attorney general and clerk of  
the court of appeals are to be elect-  
ed. The issue this year is the elec-  
tion laws enacted by a democratic  
legislature. Both parties are claiming  
the state.

The New Jersey campaign is not  
attracting much attention outside the  
state and even within the state there  
is not much excitement over it. The  
issues are purely state. The republi-  
cans predict the election of their gov-  
ernatorial candidate, J. Franklin  
Ford, while the democrats are equally  
confident that their candidate, Frank  
S. Kitzgerald, will be successful.  
Rhode Island will elect a governor  
and other state officers. Republicans  
are confidently predicting the defeat  
of James H. Higgins, the present gov-  
ernor. The campaign is to a large ex-  
tent a duplication of that of last year,  
which resulted in the election of a  
democratic governor, while the re-  
publicans elected the remainder of the  
state ticket. The most reliable ad-  
vices from that state are to the effect  
that the election next Tuesday will  
probably result the same way.

In Massachusetts the democratic  
party has split into two factions and  
each has named a state ticket. The  
re-election of Governor Curtis Guild,  
republican, is regarded here as a fore-  
gone conclusion in view of the lack of  
harmony in the democratic ranks.  
The election in Mississippi will be  
of a purely perfunctory character,  
merely to confirm the results of the  
democratic state primary held last  
summer. The successful candidates

at the primaries, all of them demo-  
crats, of course, will be certain of  
election. The new governor will be E.  
P. Noel, who will succeed James K.  
Vardaman.

The campaign in Kentucky is one  
of the most interesting in the entire  
country and all signs point to a close  
contest. The republicans are making  
confident predictions of success in the  
election of their candidates for gov-  
ernor. The hearing that the election  
will have on the United States sena-  
torship has given added interest to  
the campaign.

Pennsylvania elects a state treas-  
urer. The independent movement in  
the state which was so prominent two  
years ago has been abandoned and as  
there is to be a straight party vote  
the republicans expect to carry the  
state by the usual majority.

The contest in Nebraska is for a  
judge of the supreme court and re-  
gents of the state university.  
The country is taking more interest  
in the local campaign in New York  
than in any of the state contests, un-  
less it be that in Kentucky. The only  
state officers elected in the Empire  
State this year are two judges of the  
court of appeals. The republicans  
and the democrats have nominated the  
same judicial tickets and so there is  
no contest. In New York city interest  
has been created by reason of the fact  
that the republicans have fused with  
William B. Hearst's Independence  
League on the county ticket, the re-  
publicans taking five-elevenths of the  
ticket and the Independence League  
six-elevenths. The union of forces  
has been severely criticized by many  
of the most influential republicans in  
New York city. It is expected that  
many of the more conservative republi-  
cans will refuse to support the fusion  
ticket with the result that Tammany  
will win by a larger majority than  
usual.

A number of cities throughout the  
country will elect municipal officials  
Tuesday. The fight for municipal  
control in San Francisco, Cleveland,  
Cincinnati and Columbus is being  
strangely and unusually close. Special  
elections in the contest in Cleve-  
land, where the two mayoral candi-  
dates, Tom L. Johnson and Congress-  
man Theodore E. Burton, are men of  
national prominence.

## BEGINS SUIT AGAINST AUTO CO. FOR DAMAGE

Woman Arrested on Vagrancy Charge  
and Jailed Is Going to Appeal  
Her Case.

[SPECIAL TO THE GAZETTE.]

La Crosse, Wis., Oct. 31.—Suing  
for \$5,000 for a broken arm and jaw  
and sundry other bruises inflicted in  
the wrecking of an automobile, Miss  
Nora Berg has started the first per-  
sonal injury action resulting from an  
automobile accident in La Crosse  
county. The defendant is the Tan-  
nberg Auto company. Miss Berg in  
company with three other persons was  
injured as a result of the automobile  
being ditched owing to the alleged  
carelessness of the chauffeur. The  
case promises to be sensational as  
two of the leading businessmen of  
the city were members of the party.

## FIREMEN OVERCOME IN BIG CHICAGO FIRE

Holden Shoe Company Has Heavy  
Loss in Chicago—Adjoining Build-  
ing Owned by Janesville Estate.

[BY ASSOCIATED PRESS.]

Chicago, Oct. 31.—Seven firemen  
were overcome by smoke and a loss  
of a half million dollars was caused  
by fire in the five-story building on  
State and Quincy streets occupied by  
the Holden Shoe company.

The property adjoining this build-  
ing is owned by the estate of the late  
James Van Dine of Janesville and  
was damaged to the extent of several  
thousand dollars.

## ONE AUSTRIAN DIED OF ATTEMPTED JOKE

Failed to Jump High Enough to Es-

ed by Youths.

[BY ASSOCIATED PRESS.]

Duluth, Minn., Oct. 31.—"To make  
the Austrian jump" was the ambi-  
tion of several small boys in West  
Duluth last night and securing a piece  
of wire they attached it to an electric  
light wire and strung it in front of  
an Austrian boardinghouse. Yova  
Mehis, the first man to approach,  
stepped on it and was instantly kill-  
ed. Three boys are under arrest.

## Gulf States Y. W. C. A.

Savannah, Ga., Oct. 31.—Delegates  
are beginning to arrive in the city  
for the annual Gulf States convention  
of the Young Women's Christian As-  
sociation which will be in session here  
during the remainder of this week. An  
attractive program has been arranged  
for the gathering and all indications  
point to a good attendance of dele-  
gates from Georgia, Alabama, Flori-  
da and adjoining states.

He was given an ordinary common school education and served as private in the Confederate army during the Civil war. After the war Senator Talleferro went to Jacksonville, Florida, and went into the lumber business, becoming a practical logger and sawmill operator. He was very successful and branched out into the banking business and became a financial power in his section of his state. He was chairman of the democratic executive committee of his state for three years. His home is in Jacksonville.

**DON'T SWALLOW DRUGS FOR SKIN AFFECTION.**

Discovery Proved that Skin Disease Exists in the Skin Only—Cure the Skin Through the Skin.

The old method of trying to cure skin disease by treatment through the blood by way of the stomach has now been given up by all scientists. It has been proved that the only sure way to relieve and cure skin disease is by treating the disease where the disease is.

The remedy discovered and used by Dr. D. D. D. Dennis in his practice with such remarkable success in cases of eczema, psoriasis, ring worm, barber's itch and other such diseases and which he finally gave to the world under the name of D. D. D. Prescription, is now effecting almost instantaneous cures everywhere.

Thousands of people have written warm personal letters testifying to the wonderful results obtained by the use of this remedy, especially in connection with D. D. D. Soap. One valuable feature is that it stops all itching and burning instantly, immediately relieving the patient of agony and suffering, while continued applications effect a positive cure.

Just read this: "Your D. D. D. Prescription is the best remedy I have ever used for Eczema. It does all you claim for it, and I can't help feeling grateful to you. My son suffered with ring worm and scald head for four months. His head was something awful. All his hair came out. Nothing would cure him. Then we bought D. D. D. Two bottles with your instructions and he has had no return. His hair came in thick and beautiful."

## ISSUES WARNING TO THE PUBLIC

STATE FIRE MARSHAL HAS SUGGESTIONS TO MAKE.

## ASKS FOR COOPERATION

Wants People to Keep Close Watch on Their Flues and Chimneys.

"If people would have their furnaces and flues examined before starting the heating apparatus, the losses by fires at this season of the year would be greatly decreased," says State Fire Marshal T. M. Purcell. "Reports of fires in residences and city buildings are numerous just now, not more this year than usual at the beginning of the furnace season, but many fires are to be traced directly to defective flues and heating apparatus. Careful inspection of such apparatus now will avoid fires."

This is one of the suggestions being made from time to time by the new department of the state government established by the last legislature for the purpose of lessening losses by fire, apprehending people who burn their property for insurance, and in the end to reduce the insurance premium tax that rests upon the property of the state.

One result of work under the fire marshal law will be a large reduction in the state's loss from fire. This is not prophesy from an over-confident fire marshal, but a statement based upon the experience of other states.

In Ohio a law almost identical with that recently passed here has reduced the insurance rate to \$1.16, while in the five states surrounding Ohio, which necessarily have approximately the same populations and industries, the average rate is \$1.38. "The explanation of this important fact is easy. A high burning rate makes necessary a high premium rate. If the fire is reduced by any state, competition among insurance companies for the good business, soon reduces the cost of insurance."

The fire marshal will reduce the state's loss by lessening the number of incendiary fires, but much greater reductions will be made by the dozen assistant fire marshals looking after the grosser fire dangers, and by teaching the people how to remove or protect against conditions likely to cause loss by fire.

## Classes of Incendiaries.

Incendiaries are grouped by motive into four classes: The mischievous, the mentally defective, the malicious and the greedy. Mischievous boys sometimes put a match to rubbish or to leaked gasoline just to see it burn. The cost of fires from this cause is not large. Those mentally defective are the idiot and the pyromaniac. Pyromania is an occasional propensity of the insane, often found among lunatics, melancholics, demons and paranoiacs. It occasionally occurs in epileptics. Just as the epileptic has an irresistible desire to stand, without reference to profit, so the pyromaniac burns from an uncontrollable impulse. He is often apparently normal mentally and in such cases conviction is difficult because of the absence of motive for the crime.

Pyromania is incurable. The fire marshal cannot lessen the number of pyromaniacs because they have no fear, but the number of fires started by them may be limited by his confinement and confinement in an asylum. There never comes a time when it is safe to give liberty to one who has shown evidence of pyromania.

"Those who burn 'to get even' will decrease in number when it is known that there is an assistant fire marshal in each district who will thoroughly investigate any suspicious fires."

The most mean in the world is the one who burns his property to collect insurance. The crafty greed leads him to burn his own property, but he destroys the products of human toil. The robber only changes the possessor of wealth; he destroys nothing. The largest number of incendiaries are of this class, but this number has been reduced 80 per cent in states having fire marshal departments.

The Facts Gathered. The statistical facts which this department must gather will be tabulated so that at the end of the year can be shown the value of the property jeopardized and the amount of value added to the ash heap as the result of ignorance, or carelessness, or crime. These facts will be shown in the aggregate and by counties.

Wisconsin has several cities with about thirty thousand population; several others with about fifteen thousand, which are of the same general character to building and streets. Valuable lessons may be learned by comparing the fire loss in those towns and showing what proportion of the value of a building is each lost if a fire starts.

Loss Have Covered by Insurance. The majority of insurance men estimate the amount of insurance at 75 per cent of the actual value. That may be true of the selected risks carried by them, but fire marshals who get all the facts from all fires occurring in a state know that there is but 52 cents of insurance for a dollar of loss. Whether property burned is insured or not just so much of wealth is lost to the country. The insurance companies make good no loss; they only distribute the loss among their premium payers.

## KILL THE DANDRUFF GERM.

Or Your Hair Will Fall Out Till You Become Bald.

Modern science has discovered that dandruff is caused by a germ that dies up the scalp in scales, as it burrows down to the roots of the hair, where it destroys the hair's vitality, causing falling hair, and ultimately, baldness. After Prof. Mann of Hamburg, Germany, discovered the dandruff germ, all efforts to find a remedy failed until the great laboratory discovery was made which resulted in Newbro's Herpicide. It alone of all other hair preparations kills the dandruff germ. Without dandruff, hair grows luxuriantly. "Destroy the cause, you remove the effect." Said by leading druggists. Send the in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50 cents and \$1.00. J. P. Daker, Special Agent.

## THIRTY-NINE YEARS' SERVICE AT AN END

Sexton Robert W. Scott of Oak Hill Cemetery Will Give Up His Post at Six O'Clock This Evening.

At six o'clock this evening Robert Scott will complete his thirty-nine years of service as sexton of the Oak Hill cemetery, and will abandon his labors to enjoy a long holiday which will in a measure recompense him for the many vacations he has missed. During his tenure of the post he has placed nearly 5,000 bodies at rest.

## DR. E. A. LOOMIS ENTITLED TO PAY

For Services in Settling Edward Hammer's Fractured Limb, According to Verdict of Justice Court Jury.

Before a jury consisting of Frank L. Smith, Henry Rogers, L. L. Fletcher, Edward, and H. L. Skavlin, in Justice Reeder's court, the case of Dr. E. A. Loomis of Emerald Grove vs. Edward Hammer, brought by the plaintiff to recover \$14.75 for services in setting a fractured leg for the defendant, was on trial yesterday. The plaintiff claimed that his leg never healed and that he was lame as a result of the injury, and not only refused to pay the bill but set up a counter-claim for \$200 damages. Drs. Gibson and Judd testified as to the present good condition of the defendant's limb and the jury after being out five minutes returned a verdict for the plaintiff in the amount claimed. The latter was represented by Atty. E. D. McGowan and the former by Atty. W. H. Dougherty.

ANCIENT PAGAN RITES BECOME MODERN SPORTS.

## TONIGHT IS MYSTICAL EVE

New York Tribune Prints Following Sermon on "The Heart of Halloween."

This evening is Halloween. It is the time for pranks and parties, for tricks and other incantations. The New York Tribune prints an interesting sermon given by the Rev. of the First Reformed church of New York, that interested Janesville readers. His subject is "The Heart of Halloween" and his text was: "Ye are somewhat superstitious." Acts, xiv, 23. He said:

"Hitherto your sermon to a star" is good advice for balloon captains. You know that Halloween is hatched to a planet, Jupiter, the largest and, with the exception of Venus, the brightest. It is the one to which it is hatched. In Roman mythology Jupiter was a god in the sky—their supreme deity. They believed that he controlled and directed the future and that his big stick was the thunderbolt. Sacrifices were offered at the beginning of every month and to secure his favor. To him, on one of the hills of Rome, was erected a great and beautiful temple. The dome was the most magnificent in the world.

"The Romans had many gods in this temple they called it the Pantheon. The name was given by putting two Greek words together—one meaning 'all' and the other meaning 'gods'—Pantheon, a place of worship for all the gods. It was erected twenty-seven years before the birth of Christ. After the gospel of Christ was preached in Rome the Pantheon became a Christian church. It was consecrated to all the saints as a memorial of the martyrs. In this church originated 'All Saints' or 'All Hallowe' Day.' The evening before was called 'All Hallowe' Eve'."

"How, you ask, did this hallowe' evening become a time for fun and frolic? It was the plan of the early church to change the heathen customs into Christian customs, in order to make the converts feel more at home. November 1 was the date of the great festival of the pagans in the Pantheon in honor of Jupiter, Venus, Mars and all other gods. The Christians took the same day for the pagan converts to celebrate in memory of all the saints."

"The pagans, like the Athenians, were somewhat superstitious, and they did not get enough of Christian instruction to destroy their pagan superstition. Halloween has come to us with all its religion choked out by the pagan superstitions. It is still hatched to the planet Jupiter. The early church should have cut it loose from Jupiter, and then bled it to the 'bright and morning star.'"

"All of the Halloween customs can be traced to pagan superstitions. In the country, where there are no police, the boys take liberties on Halloween that would not be tolerated at any other time. They steal anything left in the gardens, remove gates and hide them, build fences across the road, and, like the city boys, act like demons generally. Customs are easily traced. Pagans believed that on the eve of November 1 all witches and devils were abroad, and the faithful held high carnival. They believed that all spirits, both of the visible and invisible worlds, walked the earth and celebrated on this mystic evening. How easy it was therefore when the garden was robbed, the gates unhinged, obstructions erected, to blame it all on the invisible demons. Cracking nuts and darning for apples are customs connected with things that the fathers were supposed to do. I am sure that you boys and girls have no idea of Halloween as a survival of pagan superstitions."

I hope that my junior congregation will take as one of its missions the destruction of all superstitions. Get these heathen ideas out of our religion. Take a few examples with which to begin. Telling the bell as a funeral process is one. The pagans believed that the sound of the bell frightened and drove away evil spirits. When we knock wood to keep away evil we hit God, who has promised to take care of us. The thirteen and Friday superstitions, in fact, all of them, have a pagan idea that is opposed to our Christianity. These superstitions ideas weaken you, and often bait you for doing brave acts. You are afraid to start on Friday, and by Saturday it is too late. The proof of the weakening power of superstition will be found in the following story:

"The Egyptians had a superstition concerning cats. They would not kill a cat, even if it would save the life of a child. Cambyses conquered the Egyptians when they were the foremost nation of the world. As they went into battle each company carried a crate of cats and threw them at the Egyptians. With the cats on the firing line the soldiers of Egypt dared not fight but they might kill the sacred cats. We are all somewhat superstitious."

It has been badly treated by Janesville. They claim they were to play here the coming Saturday, November 2d. Mr. Haumerson says, however, that he has no record of any such game, but offered Delavan the Thanksgiving game here. Delavan, however, prefers his own grounds for Thanksgiving, and hence no game has yet been scheduled for the home team on that date.

Evansville has sent word that they will not meet the Bowler City again this year. The Cut-off City has the championship bee buzzing in its home, and wishes to play as many different teams as possible this season, to gain the coveted honor. Evansville will have Port Atkinson to reckon with yet, however, before they gain it.

The girls' basketball team has been practicing nearly every night this week. There are ten or eleven girls on, including several of last year's players. The Misses Fisher, Elfield, Jones, Granger, Bennett, Kendall, Walker, Roberts, Spooner and Langdon are prominent contenders. Negotiations are being conducted between Principal John C. Pearson of Beloit and John Underwood, in regard to a night-school debate this year between the two high schools. Nothing definite is yet known.

## LUNCHEON GIVEN BY MRS. THOMAS NOLAN

Yesterday Afternoon Was Enjoyed by One Hundred Guests—Afternoon Devoted to Six-Handed Euchre.

## Coming Attractions.

**"The Flower of the Ranch"**  
The Ashkin-Singer company will present a decided novelty to local theatregoers on Saturday, Nov. 2, at the Myers theatre, when they will make a big production of "The Flower of the Ranch," a western play with music, written by Joseph E. Howard. The featured members of the big company will be Mr. Howard and Miss Mable Harrison, and there will be a company of fifty people in their support. Howard has been responsible for the musical numbers in the La Salle theatre production such as "The Time, the Place and the Girl" and "The Purple"; but he is said to have written some real musical genius in "The Flower of the Ranch." Some of the titles of his latest songs are "Build a Little Fence Around Today," "California," "Just Say You Care," "America," "In the Days of '92," "Love up a Tree," "The Girl Behind the Counter," "The Gibson School March," "In Vandalia," and "Lo Lo." **"Forty Five Minutes From Broadway."** The attraction at the Myers theatre tonight is Emma Carson in Kluge & Robinson's production of George M. Cohan's new musical play, "Forty Five Minutes From Broadway," which has proved one of the most remarkable successes of the last season. This play was originally staged in Columbus, O., one year ago last September, going from Columbus to Chicago the early part of last October, and made a run of thirty weeks to the largest receipts ever secured by an attraction of this character in the western city. Following this, it has made the record of four months to capacity attendance at the New American theatre in New York. Miss Carson is surrounded by a notable cast, and a large auxiliary company. The principal players are Scott Welch, Frances Gordon, Claire Greenwell, Carolyn Lee, Elizabeth Purcell, John J. Clark, James H. Manning, Arthur V. Gibson, Edward Waller, Howard Stevens and Gus A. Davett.

## TOBACCO GROWERS TO "CUT OUT" CROP

SITUATION IN KENTUCKY IS BECOMING VERY SERIOUS.

### EFFORTS TO FORM POOL

Strong Opposition by the Buyers of Henderson County—Warehouses Are Guarded by Armed Men.

Louisville, Ky., Oct. 31.—With "henceful armies" of invasion in the dark tobacco districts and the burley growers having reached a decision not to raise any crop next year, the tobacco situation in Kentucky appears to be serious.

From the western end of the state, and especially in the Green river and Henderson stemming districts, reports of rather an unsettling nature were received Wednesday. Bodies of growers claiming to be members of the American Society of Equity are riding through McLean county notifying buyers to quit the tobacco fields until the 1908 crop is sold and urging growers to pool their crop with the society. The same thing has already been done in Daviess county, of which Owensboro is the county seat; in Henderson county, of which Henderson is the chief city, and in several other neighboring counties.

### Opposition in Henderson.

In many instances the buyers have agreed to quit and the majority of the growers have expressed their determination to pool their crops, but especially in Henderson county has there been considerable opposition to the plan of the growers. In fact, the buyers of Henderson have refused to accede to the request of the growers and another meeting is in progress there to consider what is to be done in the premises. The growers are determined to carry their point and the buyers announce that they are also firm in their determination not to be bluffed into taking any action that may be detrimental to their interests.

Every warehouse of any consequence in Henderson and Owensboro is guarded by armed men and there is considerable uneasiness. Especially is this true as the time for delivering the tobacco which has been bought outside the pool approaches.

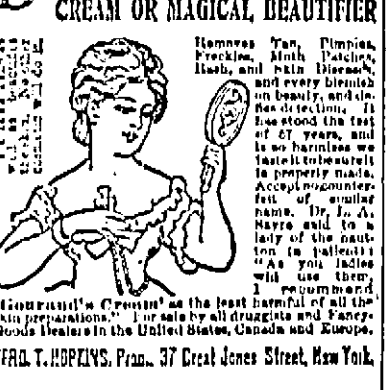

### Growers Threaten War.

Despite the fact that the growers declare they will not pursue any lawless methods, their banners when they first came into the Henderson stemming district is a body bore the legend: "Peace to-day, war to-morrow," and the people of the stemming district find it difficult to believe that there will be no trouble.

One of the most remarkable meetings held in this state for some time was that of the National Association of Tobacco Growers in Shelbyville Wednesday which was attended by about 2,500 to 3,000 growers from all parts of the country. The association ratified the action of the executive committee of the Burley Tobacco Growers association, which decided in a meeting at Winchester not to raise any tobacco next year. One of the features of the all-day meeting was a speech by Harry Weissinger, of Louisville, a multimillionaire planter and formerly connected with the American Tobacco company in which he advised the growers to "cut out" the crop for next year.

## Never a Sign of Wear.

"Dr. Richards," just look at those crowns," said a party recently. "They are as solid and good as they were the day you put them on five years ago."

Lots of people right here in Janesville are wearing dental work done by Dr. Richards much longer ago than the 5 years spoken of by the above party.

He does his work solidly. For permanence. For durability. For lasting qualities. Once you choose him for your dentist. You will never change your dentist again.

Because he gives satisfaction. His prices the most reasonable in the city.

He gives about TWICE the amount of work for your money, you will pay elsewhere.

## BECOME USED TO A CHECK SYSTEM

BANKS HAVE NO DIFFICULTY WITH THEIR DEPOSITORS.

## PEOPLE NOW UNDERSTAND

Matter is Generally Treated as a Joke—Amusing Incidents in Few Instances.

Janesville has settled down to an existence of paying by personal or cashier checks with as much equanimity as though always accustomed to it and the lack of specie does not seem to worry anyone. At the banks deposits are all made, many merchants placing their checks to their credit and keeping what real money they have for change. Reports from the four banks today show that there is but little difference in the regular business done and the explaining of the system has apparently ended, all being willing to wait until the embargo is lifted.

**Some Cash.**  
In several instances cash has been handed to depositors where it was a necessity. The retailers have been given money as well as persons who need specie whose checks could not be used. However, those cases are few and several land transfers have been made by exchange of cashier's certificates and considerable trading has been done at different stores by the same means. The list of a hundred old merchants published yesterday of men who would accept cashier's checks did much to satisfy the general public that everything was all right.

**Amusing Incidents.**  
Amusing incidents have occurred today and yesterday. One prominent business man whose check is good for thousands made a purchase and offered a check in payment which was refused and the merchant charged as the clerk said, "I can not get any money on that check and if I charge maybe I can some day." One woman who had seven thousand dollars on deposit was refused a small sum and indignantly wanted to draw her entire account out just to "show them." One merchant could not understand the situation and asked all sorts of imaginary questions before he became convinced the banks were right.

**No Stamps.**  
One firm sent a representative with a check for ten dollars worth of stamps to the sub-postal station only to be told Uncle Sam refused to accept checks and the cash must accompany an order. However, these cases are few and the general public laughs at the situation and waits until the affairs are straightened out.

## OBITUARY.

**Mrs. Joseph Wallace.**  
Mrs. Joseph Wallace died at 11 o'clock last night at the home of her son, Justin Wallace, No. 5 North Franklin street. She had been ill for the past eight months from heart and kidney trouble. She was 66 years of age, having always been a resident of this city. Two sons, Justin Wallace of this city and Fred Wallace of Milwaukee, Ind., and a daughter, Mrs. John Carls, survive her. The funeral will be held at 9 o'clock Saturday morning from the St. Mary's church. Interment will be made in Mt. Olivet cemetery.

**Mrs. Mary Dewey.**  
On October 23 Mrs. Mary Dewey died at her home in St. Petersburg, Fla., having reached the age of 55 years. She was the wife of John Dewey, a former Janesville cigar manufacturer. The deceased was born in Waukesha, Wis., September 10, 1842, and was married in the year 1868. She passed the greater part of her married life in this city. She suffered a stroke of paralysis three years ago and had two more since, the last one occurring last Wednesday, the date of her death.

## PLUMBER'S NARROW ESCAPE IN EXPLOSION

Molten Lead Explodes at Delavan Burning Clinton Plumber in the Face.

Clinton, Oct. 31.—Harrison Wakeford, the plumber, had a very narrow escape from a serious injury Monday at Delavan where he was working; as it was about the time he was working on a furnace, a very large pipe, when in some manner a gas got into the furnace which caused an explosion throwing the molten lead into his face. It was a close call for his eyes.

Today at 2 p. m. at the German Lutheran church occurred the wedding of Miss Adella Holmes to Curt Friday. Both young people were born near town and have spent all their lives here and have a large circle of friends.

A. Holm has sold his residence property in Racine and in the deal became owner of an automobile. Mr. Holm has purchased a home in Clinton, buying the Mrs. Howard property on North Church street and will take possession at once.

Frank McAfee has purchased a four cylinder Ford runabout auto.

T. S. Nolan of Janesville was in Clinton Monday on business.

C. P. Drake made a hurry-up trip to Delavan today on business.

The Citizens' bank went on a checking basis this morning and today all business has progressed as though everything was as usual and several thousand dollars were received on deposit showing the people have absolute confidence in the management of the institution. Universal commendation is heard on all sides that the above course was taken. The people of Clinton feel that they have in the Citizens' bank a model institution under expert management.

Milford Wilkins returned home from New York city in very poor health.

Mrs. J. H. Switzer is spending the week in Chicago visiting and shopping. Miss Grace accompanied her.

Mrs. Rachel Weaver, mother of Mrs. S. S. Jones, was 90 years old Monday of this week and next day the Hon. and Mrs. Jones celebrated the event by entertaining all the children, grandchildren, and a royal good time was had by all. Mr. and Mrs. Jones are celebrated entertainers.

Dr. D. C. Griswold is spending several days of this week in Chicago buying goods for the holidays.

W. J. McNulty has accepted a position as clerk in the drug store of D. C. Griswold resigning his position on the road for the Smith & Holm Mfg. Co. as it took him away from home and his young son and heir.

## MRS. O. H. FETHERS AGAIN NAMED REGENT

By the State Conference of the D. A. B. at Beloit—Session Closed with Luncheon Today.  
[Special to this issue.]  
Beloit, Wis., Oct. 31.—Mrs. Ogden H. Fethers of Janesville was re-nominated as state regent of the Wisconsin Jurisdiction of the Daughters of the American Revolution, at the session this morning. The nomination practically amounts to an election as it only remains to be ratified at the approaching national conference of the organization at Washington, D. C. All of the other state officers were chosen to serve another term: Mrs. Walter Komptar of Milwaukee, as vice-regent; Mrs. E. H. von Osterhagen of Antigo, as secretary; and Mrs. George Gilkey of Oaklawn, as treasurer.

The eleventh annual conference closed with a luncheon tendered by the Beloit chapter at one o'clock this afternoon. Thereafter the fifty visiting delegates were shown through the museum by Dean Collier and through the art gallery by Prof. Theodore Lyman Wright.

**In Arms Against Vice.**  
Quite a large number of pet cats owned on the east side recently disappeared in a manner very mysterious. Investigations which were instituted have led to the recovery of a number of the felines at Science hall on the campus and the owners are aroused to a high state of indignation over the use of the poor creatures for purposes of vice.

## HELD FOR BAIL IN COUNTY JAIL

A. E. SCHNERING ARRESTED LAST EVENING WHILE AT WORK.

## ASK \$10,000 IN DAMAGES

Is Made Defendant in Action Brought by Charles A. Moon for Alienating His Wife's Affections.

Arrested last evening while at work as head cook at the P. Hohendahl Canning factory, thrown into jail in lieu of a two thousand dollar bond, A. E. Schnering is made defendant in a sensational suit in which damages amounting to ten thousand dollars are asked by the plaintiff, Charles A. Moon, for the alleged seduction and holding of criminal conversation with the plaintiff's wife, Bertha Moon. Mr. Schnering is employed at the P. Hohendahl company plant, as was the plaintiff and his wife, and is waiting the arrival of P. Hohendahl, when bond bonds will be furnished and he will be liberated.

**Very Sensational.**  
In his complaint Mr. Moon alleges serious charges against the defendant, Schnering, specifically two West Milwaukee street saloons as the scenes of his wife's dishonor and giving the dates for the same. He states he was married to his wife Bertha Moon in September of 1905 at Rockford and that until the first of the past September they lived together happily as man and wife. Then he makes serious allegations against the defendant under section 2683 of the Revised Statutes.

**Denies the Charges.**  
A. E. Schnering has retained Thos. S. Nolan to defend him and alleges that the charges are part of a blackmailing scheme and that he will fight it to the end. Mr. Schnering is a saloon owner who came to Janesville several years ago from Cassville, Illinois, and has been employed by P. Hohendahl for the past eighteen years. The plaintiff and his wife also came from the same city.

**Asks Damages.**  
Moon asks for damages to the amount of ten thousand dollars for the alienation of his wife's affections. Aside from this in the complaint made against Schnering under the statutes relative to seduction and criminal conversation. The papers in the suit were sworn to before Circuit Court Commissioner O. E. Goodrich, John Cunningham acting as the plaintiff's attorney and C. C. MacLean and F. D. Kimball acting with plaintiff to insure costs of suit.

**Divorce Granted.** The trial of the action of Lynch vs. Ryan in circuit court was continued until Friday morning and Judge Grimm returned to Jefferson last evening. Before departing he heard the divorce case of Elmer E. Wakefield vs. Olive M. Wakefield, and granted a decree to the plaintiff on the grounds of desertion. The case was brought here from Green county and Atty. E. V. Knoch of Sheboygan represented the plaintiff.

## RUNAWAY NAG WAS STOPPED BY WOMAN

Mrs. Benjamin F. Carle Was Principal Figure in Exciting Episode on Wall Street This Morning.

At half-past seven o'clock this morning a horse hitched to a delivery wagon, and standing on Wall street near the intersection of High street, became frightened in some unaccountable manner and started eastward at a runaway gallop. As the animal neared the Jackson street crossing it was sighted by Officer Champion in the police station and he was about to make a quick move for the scene of action when, just as it reached a point opposite to her, a lady ran out from the sidewalk and after keeping alongside of the horse for a few paces, seized it by the bridle and brought it to a halt. The lady was Mrs. Benjamin F. Carle and her brave act was applauded vigorously by the few on-lookers who witnessed the episode, including the youthful driver who arrived on the scene, out of breath and much excited, a few moments later.

## SAVES THREE FROM DEATH BY FLAMES

Man Sixty Years of Age Rescues Children From Burning Home.

Marquette, Wis., Oct. 31.—Yesterday at Middle Inlet in this county Charles Windorf, an old resident over sixty years old, rescued three little children from a burning building, two of them he carried in his arms and the third, a little girl eight years old, clung to his coat tails while he dashed through the flames. The children belonged to J. J. Kohler, a carpenter, and were imprisoned in the front part of the building. The fire broke out in the kitchen while the parents were away.

### INTEREST SHIFTS TO SOUTH AND WEST

FINANCIAL SITUATION IN NEW YORK NEARLY NORMAL.

COTTON MEN NEED CASH

New Orleans Committee Confers with Secretary Cortelyou—San Francisco Bank Closes—Washington Wants No Holiday.

New York, Oct. 31.—The financial situation Wednesday was so nearly normal that there were few new features of importance. It was stated by bankers that the calls for money from the neighborhood of New York and the entire east appeared to be practically satisfied, as such calls for currency of an urgent character as were being received came from points west of the Mississippi.

Mr. Williams, the new state superintendent of banking, gathered up most of the cash in the suspended banks and deposited it with going institutions, thereby adding several million dollars to the funds available in the market. The debit balances against banks at the clearing house were smaller than usual, all such balances aggregating only a little more than \$2,000,000 on clearings of \$206,000,000.

One of the points at which the most serious pressure for money is expected is at New Orleans, in order to finance the movement of the cotton crop. The pressure there is always heavy at this season of the year, and promises to be even more intense this year than usual unless special preparations are made. The New Orleans bankers appear to be fully alive to this situation and were endeavoring Wednesday to arrange for transfers of money from Europe in payment for cotton through the fiscal agents of the United States in Europe and its direct transmission by cable to New Orleans.

A committee of New Orleans bankers is in Washington and hopes to secure a promise from Secretary Cortelyou of the deposit of substantial sums of public money in New Orleans and other southern institutions. Secretary Cortelyou appears to recognize the fact that benefits conferred by this policy will not be limited to New Orleans and the south, but will aid in the movement for the prompt delivery of American products in Europe and the creation of a credit balance which will cover the imports of gold.

Investors Buying Stocks.

One of the most interesting developments of the situation is the large amount of the purchase of securities in small lots for investment. Most of the large private banking houses which sell stocks and bonds have been keeping the clerical forces at work over time executing such orders and attending to the transfer of titles to the securities. This is one of the decisive marks of investment buying.

**Scott's Emulsion** is an invaluable remedy for yourself and your family.

It makes a thin baby plump, a weak child strong, a delicate woman robust, an ailing man hearty.

**Scott's Emulsion** builds up the system and in that way prevents disease.

All druggists, 50c. and \$1.00.

It is estimated by good judges that there are 100,000 more names of stockholders on the books of the railway and industrial corporations than was the case a year ago. A single large firm reports sales between \$500,000 and \$750,000 per day. Another firm states that its wires to outlying places are crowded with small orders, directing the transfer of the securities to the names of new owners.

Kessler & Co. Assign.

Inability to sell as usual their foreign drafts, and the serious illness of one of the partners who had been called upon to furnish immediate capital for maturing bills, brought about the assignment Wednesday of Kessler & Co., international bankers. The firm has outstanding acceptances of between \$500,000 and \$1,000,000, but a detailed statement of liabilities and assets was not available Wednesday night. The assignee is William Williams. The firm members are Alfred Kessler, Rudolf E. F. Finsch and William K. Gillette. Mr. Finsch is on his way home from Europe and Mr. Gillette is confined to his home here by sickness. The firm is said to have many mining interests in the vicinity of Cripple Creek, Col., and other assets.

President Not Apprehensive.

Washington, Oct. 31.—E. W. Bloomington, director of the Phoenix National Bank of New York and otherwise financially connected in that city, had an audience with President Roosevelt Wednesday, and is authority for the statement that the president is keeping minutely informed regarding financial conditions, not only in New York but throughout the country, and that he feels no apprehension of serious trouble in any quarter. Mr. Bloomington said he obtained from Secretary Cortelyou an expression similar in character.

After his conference at the White House Mr. Bloomington assigned the causes of the recent trouble to be the tremendous over-expansion and exploitation of enterprises far beyond their worth, until the situation reached the point where the banks had to be balanced. The only connection the course of President Roosevelt had with the crisis was perhaps to hasten the inquiry into the actual worth of the securities upon which certain credits were based.

San Francisco Bank Closes.

San Francisco, Oct. 31.—The California Safe Deposit & Trust company, bank closed its doors Wednesday afternoon. A notice posted on the door stating that "owing to the fact that the bank was not a member of the Clearing House association and was unable to take advantage of clearing house certificates, it would close for a few days."

The California Safe Deposit & Trust company has been regarded as one of the strong financial institutions of the city. Its president is D. F. Walker, J. D. Brown is manager. The bank is understood to be the financial agent on the coast for the Western Pacific railway now being built. It is the opinion of local bankers that the company is solvent and that the embarrassment is merely temporary.

Ignore Holiday in Washington.

Seattle, Wash., Oct. 31.—The associated banks of Seattle unanimously decided to ignore the holiday declared by Gov. Mead, on the ground that it was absolutely needless and his action was criticised as uncalled for and hasty. Seattle bankers say that they were never in better condition to meet all demands than now. The same feeling exists in Spokane.

Gold Bullion to Be Colored.

San Francisco, Oct. 31.—Pursuant to directions from Washington, the coloring of \$15,000,000 of gold bullion will be undertaken immediately at the mint in this city. No gold has been colored here since August, active foreign being engaged in the coloring of Philippine pesos. The mint force was considerably enlarged at the time the coloring of Philippine silver was undertaken and it is thought this force will be adequate to handle the rush order for gold twenties.

Bury at Denver Mint.

Denver, Col., Oct. 31.—A large force is engaged at the mint in coloring the \$10,000,000 gold bars stored there and much bullion is pouring in daily from the Colorado and other western mines. The total output of the mint for October will exceed \$8,000,000, mainly in twenty-dollar gold pieces. The gold will be shipped to the money centers as rapidly as it is coined.

## CAR COMPANY IN TROUBLE.

Receivers Are Appointed for a South Baltimore Concern.

Baltimore, Md., Oct. 31.—Application was made in the United States circuit court late Wednesday afternoon for the appointment of receivers for the South Baltimore Steel Car & Foundry company. The application was filed by Bond, Robinson & Duffy, attorneys for the Maryland Car Wheel company.

The papers in the case were taken by the lawyers to Judge T. J. Morris' residence for him to sign. The receivers agreed on are J. F. Ford and A. O. Wellington, and they were appointed by Judge Morris.

It is stated that while the embarrassed company has liabilities closely approaching \$1,000,000, it has plenty of assets on which it is at present unable to realize, and will pay dollar for dollar. It is said that inability on the part of the company to make collections promptly for cars delivered to railroads is the main reason for its present embarrassment.

## RECEIVER FOR PAPER CONCERN.

Friend Company, of West Carrollton, O., is Embarrassed.

Dayton, O., Oct. 31.—The Friend Paper company, of West Carrollton, a suburb of Dayton, was placed in the hands of a receiver Wednesday afternoon on application of its president, J. Howard Friend. Henry L. Nowell was appointed receiver by Judge O. B. Brown, of the common pleas court.

The petition states that the company has debts aggregating \$1,000,000; that the petitioner is surety on 62 notes aggregating \$200,000. Further averment is made that the stringency in the money market renders the payment of these notes impossible at present. The receivership is resorted to as a protection measure to shield the property from attacks of small creditors. The company, it is declared, is entirely solvent and is doing a prosperous business.

## SEEKS TO ENJOIN FOOTBALL.

Kankakee Lawyer Says: High School Games Are Prize Fights.

Kankakee, Ill., Oct. 31.—Charging that football is prize fighting, Attorney S. H. Moore Wednesday filed a bill in the circuit court for an injunction restraining high school students from playing the game.

Moore declares that F. N. Tracy, superintendent of public schools, and L. W. Smith, high school principal, have aided and abetted prize fighting among students; that the game of football not only injures but demoralizes the student body; that the members of the team use profanity on the field and the game is degrading, un-American, unchristian and uncivilized.

## Barbara Laponkhin Returns.

London, Oct. 31.—Barbara Laponkhin, daughter of ex-Gov. Laponkhin of Royal, Russia, who mysteriously disappeared after leaving the Aldwych theater here October 24, returned Wednesday to her friends voluntarily and as mysteriously as she disappeared. Her father, who reached London Wednesday morning from St. Petersburg, went at once to the house where his daughter had been staying and the whole family immediately went away without leaving any address.

## For Violating Pure Food Law.

Lincoln, Neb., Oct. 31.—William Huxtable, representing Swift & Co., and Claude Dyrton, representing Armour & Co., were bound over to the district court Wednesday on the charge of violating the pure food law by selling unbranded meats. The Cudahy company agreed to abide by the decision in the cases of the other two concerns.

### EXCITING NAVAL BATTLE

MUTINEERS PUT UP BOLD FIGHT IN VLADIVOSTOK HARBOR.

Torpedo Boat Destroyer Skory Confronts with Four Other Vessels and One Fort.

Vladivostok, Oct. 31.—An exciting little naval battle took place in this harbor Wednesday between the mutinous crew of a Russian torpedo boat destroyer and their loyal comrades. The mutineers were finally subdued, but not before a number of men had been killed or wounded.

The mutinous boat is the Skory, and she gave fight to the gunboat Mandachur, the destroyers Garosov, Smoly and Berditz and the garrison of one of the harbor forts manned by the Twelfth regiment of artillery.

The Skory soon was overwhelmed and she had to be beached to save her from sinking. This was not accomplished, however, before her guns had done considerable damage and several officers and men of the other ships had been killed or wounded.

The crew of the Skory were melted by agitators, including some Jews who had managed to get on board and take charge of the destroyer. She steamed out into the harbor with the red flag flying and at once opened fire on the town and forts. A gunboat and three destroyers went out to engage her and with the aid of the forts soon had the Skory riddled and helpless. She then turned and ran through the surf and was beached. Those members of the crew who had not been killed or injured by the gun fire were arrested by soldiers as they made their way to land. Among the men killed were Capt. Kurosch, commander of the torpedo boat Itavy, and Lieut. Stoor, commanding the Berditz, was wounded. Several people in Vladivostok were killed by shells from the Skory. The town has been declared in a state of siege.

CLASS FIGHTS IN A COLLEGE.

Battles in North Carolina Institution Approved by Its President.

Italeigh, N. C., Oct. 31.—A recent case of hazing at the State Agricultural and Mechanical college has caused President Winston of that college to approve of class fights.

## A GREAT GROCERY SALE

The White House Grocery Store stands in a class by itself—neither as a specialty store (whose chief specialty is high price), nor as a cheap store (whose specialty is to sell poor goods). The White House Store is big enough and powerful enough to gather supplies from the world's best sources; big enough to demand right goods; big enough to refuse to sell bad goods; big enough to guarantee purity, cleanliness and careful handling of all Groceries and Meats. We can't get a hen to lay for us at reduced cost nor mackerel to so run in our net as to justify our selling at half price. What we can do is to gather goods in great lots—lopping off expenses, and in many cases hand out orders big enough to coax a distributor to present freight or halve his profits. The result is—**LOWEST OBTAINABLE PRICES**. It will help you to buy all your groceries here. Increase in a safe way the buying power of your money. Read these prices. A cash store saves you money.
